

NATIONAL CONFERENCE
**NATIONAL SCIENTIFIC DAYS OF
MSTD LABORATORY
(NSD26-MSTD)**

OCTOBER 17-18, 2026, FACULTY OF MATHEMATICS, USTHB
Call for Papers — National Conference

As part of the organization of the National Scientific Days of the
Laboratory of Stochastic Modeling and Data Processing at USTHB,
we are issuing a call for papers on the following theme:

**From Learning to Expertise:
Paths, Methods, and Innovations
in Probability and Statistics**

These scientific days aim to bring together members of the laboratory, as well as researchers, faculty members, and doctoral students from national universities and research centers, in order to promote scientific exchange, the sharing of experiences, and the transmission of knowledge. They also seek to highlight recent work in probability and statistics, while creating an intergenerational dialogue space conducive to the emergence of new scientific collaborations.

SCOPE OF TOPICS

- 1 Actuarial Science
- 2 Nonparametric Estimation
- 3 Stochastic Modeling and Applications
- 4 Time Series Analysis and Applications
- 5 AI and Data-Driven Optimization & Scheduling

IMPORTANT DATES

- 1 First call with registration: May 1, 2026
- 2 Submission of extended abstract (PDF, 2-3 pages): ~~July 31~~ 20 August, 2026
- 3 Notification of acceptance: September 10, 2026
- 4 Submission of final abstract (with template): September 25, 2026
- 5 Event dates: October 17-18, 2026

SCIENTIFIC COMMITTEE

Pr. Z. Guessoum (Présidente) / USTHB, Dr. A. Amaraoui / ENSIA, Dr. H. Benseradj / UMBB, Dr. N. Chikhi / USTHB, Dr. A. C. Guidoum / TAM, Pr. F. Hamdi / USTHB, Pr. T. Medkour, ENSIA, Pr. S. Taleb / USTHB, Pr. A. Tatachak / USTHB

ORGANIZING COMMITTEE

Dr. M.A. Meziani (Président) / USTHB, Dr. H. Brairi / ENSIA, Dr. C. Beldjoudi / USTHB, Dr. A. Ghelien / USTHB, Dr. S. Rih / USTHB, Dr. F. Ouicher / USTHB, Dr. C. Heddadji / USTHB, Dr. L. Adjoudj / USTHB, Dr. S. Abdoun / USTHB, Dr. N. Zaboot / USTHB, Dr. S. Ghattab / USTHB
